

WP10PIR

10W LED PIR Compact Bulkhead

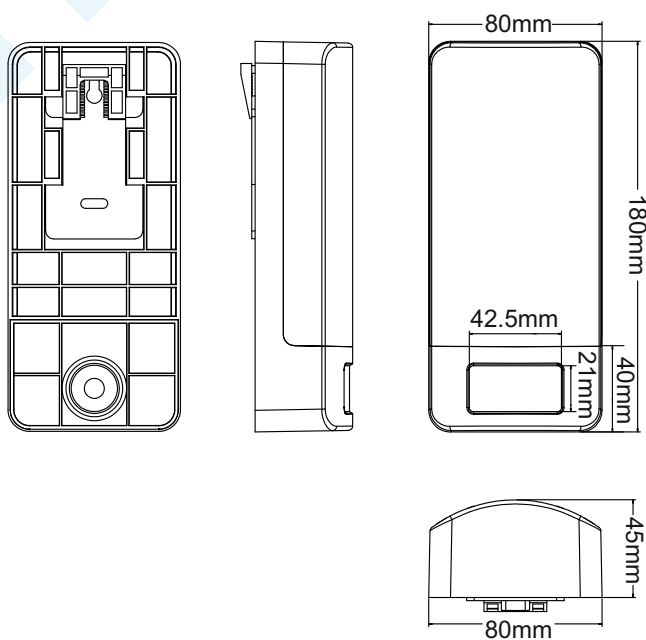

- Built-in PIR Sensor
- 8-10m PIR detection Range
- Ambient Light Sensor
- IP65 Weatherproof Housing

The WP10PIR is an energy saving IP65 rated compact bulkhead for garage, back door, porch or pathways at home.

Equipped with a wide detection angle PIR sensor it is ideal to use as a security light. Designed for most outdoor areas and tested rigorously to ensure water resistance for protection against high levels of dust and splashing water.

Dimensions:

Specifications:

- Voltage: 100-240V/AC
- Frequency: 50/60Hz
- Power: 10W
- Luminous Flux: 800lm
- Colour temperature: 4000K
- CRI>80
- Material: ABS + PC
- IP Rating: IP65
- Working Temp.: -25°C ~ +50°C
- Working Humidity: ≤85%RH
- Built-in PIR Sensor
- Detection Angle: 140°
- Detection Distance: 8-10m
- Activation Time: 15 seconds
- Lux Threshold: 20lux
- Installation height: 1.5m~2.5m

100-240V
50/60Hz
